GreenDex

The following attractions, activities, tours, accommodation and restaurants have been selected by Lonely Planet authors because they demonstrate a commitment to sustainability. Our criteria for inclusion in the GreenDex covers environmental (minimising negative environmental impacts and, where possible, making positive contributions), social or cultural (respecting culture and traditions and fostering authentic interaction and greater understanding between travellers and hosts) and economic (providing financial benefits for the host community and operating on the principles of fair trade) issues. For more tips about travelling sustainably in West Africa, turn to the Getting Started chapter (p15). We want to keep developing our sustainable-travel content. If you think we've omitted someone who should be listed here, email us at www.lonelyplanet.com/contact. For more information about sustainable tourism and Lonely Planet, see www.lonelyplanet.com/responsibletravel.
